

## 兔抗 ATF2 多克隆抗体

中文名称：兔抗 ATF2 多克隆抗体

英文名称： Anti-ATF2 rabbit polyclonal antibody

别名： HB16; CREB2; TREB7; CRE-BP1

抗原： ATF2

储存： 冷冻（-20℃）

宿主： Rabbit

相关类别： 一抗

反应种属： Human, Mouse, Rat

标记物： Unconjugate

克隆类型： rabbit polyclonal

### 技术规格

|                          |   |
|--------------------------|---|
| <b>Background:</b>       | This gene encodes a transcription factor that is a member of the leucine zipper family of DNA binding proteins. This protein binds to the cAMP-responsive element (CRE), an octameric palindrome. It forms a homodimer or a heterodimer with c-Jun and stimulates CRE-dependent transcription. This protein is also a histone acetyltransferase (HAT) that specifically acetylates histones H2B and H4 in vitro; thus it may represent a class of sequence-specific factors that activate transcription by direct effects on chromatin components. Several alternatively spliced transcript variants have been found for this gene. |
| <b>Applications:</b>     | ELISA, IHC  |
| <b>Name of antibody:</b> | ATF2  |

|                                    |                                      |
|------------------------------------|--------------------------------------|
| <b>Immunogen:</b>                  | Fusion protein of human ATF2         |
| <b>Full name:</b>                  | activating transcription factor 2    |
| <b>Synonyms :</b>                  | HB16; CREB2; TREB7; CRE-BP1          |
| <b>SwissProt:</b>                  | P15336                               |
| <b>ELISA Recommended dilution:</b> | 2000-5000                            |
| <b>IHC positive control:</b>       | Human lymphoma and human lung cancer |
| <b>IHC Recommend dilution:</b>     | 25-100                               |
