

兔抗 LBH 多克隆抗体

中文名称: 兔抗 LBH 多克隆抗体

英文名称: Anti-LBH rabbit polyclonal antibody

别名: LBH regulator of WNT signaling pathway

相关类别: 一抗

储存: 冷冻 (-20℃)

宿主: Rabbit

抗原: LBH

反应种属: Human, Mouse, Rat

标记物: Unconjugate

克隆类型: rabbit polyclonal

技术规格

Background:	Transcriptional activator which may act in mitogen-activated protein kinase signaling pathway.
Applications:	ELISA, WB, IHC
Name of antibody:	LBH
Immunogen:	Fusion protein of human LBH
Full name:	LBH regulator of WNT signaling pathway
SwissProt:	Q53QV2
ELISA Recommended dilution:	5000-10000
IHC positive control:	Human esophagus cancer
IHC Recommend dilution:	50-200

WB Predicted band size:	12 kDa
WB Positive control:	Rat heart tissue, Mouse skeletal muscle tissue lysates
WB Recommended dilution:	500-2000
