

CINP 抗原(重组蛋白)

中文名称: CINP 抗原(重组蛋白)

英文名称: CINP Antigen (Recombinant Protein)

储 存: 冷冻(-20℃)

相关类别: 抗原

概述

Full length fusion protein

技术规格

Full name:	cyclin dependent kinase 2 interacting protein
Swissprot:	Q9BW66
Gene Accession:	BC000600
Purity:	>85%, as determined by Coomassie blue stained SDS-PAGE
Expression system:	Escherichia coli
Tags:	His tag C-Terminus, GST tag N-Terminus
Background:	The protein encoded by this gene is reported to be a component of the DNA replication complex as well as a genome-maintenance prote in. It may interact with proteins important for replication initiation and has been shown to bind chromatin at the G1 phase of the cell cycle and dissociate from chromatin with replication initiation. It may also serve to regulate checkpoint signaling as part of the DNA damage response. Alternative splicing results in multiple transcript variants.
