

NR2C2AP 抗原（重组蛋白）

中文名称： NR2C2AP 抗原（重组蛋白）

英文名称： NR2C2AP Antigen (Recombinant Protein)

别名： TRA16

储存： 冷冻（-20℃）

相关类别： 抗原

概述

Full length fusion protein

技术规格

Full name:	nuclear receptor 2C2 associated protein
Synonyms:	TRA16
Swissprot:	Q86WQ0
Gene Accession:	BC057837
Purity:	>85%, as determined by Coomassie blue stained SDS-PAGE
Expression system:	Escherichia coli
Tags:	His tag C-Terminus, GST tag N-Terminus
Background:	May act as a repressor of NR2C2-mediated transactivation by suppressing the binding between NR2C2/TR4 and the TR4-response element in target genes.
