

兔抗 SYTL5 多克隆抗体

中文名称：兔抗 SYTL5 多克隆抗体

英文名称： Anti-SYTL5 rabbit polyclonal antibody

别名： slp5

相关类别： 一抗

储存： 冷冻（-20℃）

宿主： Rabbit

抗原： SYTL5

反应种属： Human, Mouse, Rat

标记物： Unconjugate

克隆类型： rabbit polyclonal

技术规格

Background:	The protein encoded by this gene belongs to the synaptotagmin-like (Slp) protein family, which contains a unique homology domain at the N-terminus, referred to as the Slp homology domain (SHD). The SHD functions as a binding site for Rab27A, which plays a role in protein transport. Expression of this gene is restricted to placenta and liver, suggesting that it might be involved in Rab27A-dependent membrane trafficking in specific tissues.
Applications:	ELISA, IHC

Name of antibody:	SYTL5
Immunogen:	Fusion protein of human SYTL5
Full name:	synaptotagmin-like 5
Synonyms :	slp5
SwissProt:	Q8TDW5
ELISA Recommended dilution:	2000-5000
IHC positive control:	Human brain and human esophagus cancer
IHC Recommend dilution:	25-100
